

(b) The head of the agency must ensure that the following conditions are satisfied before awarding a multiyear contract under the authority described in paragraph (a) of this section:

(1) The multiyear exhibits required by DoD 7000.14–R, Financial Management Regulation, are included in the agency's budget estimate submission and the President's budget request.

(2) The Secretary of Defense certifies to Congress that the current 5-year defense program fully funds the support costs associated with the multiyear program (10 U.S.C. 2306b(i)(1)(A)). The head of the agency must submit information supporting this certification to USD(C) (P/B) for transmission to Congress through the Secretary of Defense.

(3) The proposed multiyear contract provides for production at not less than minimum economic rates, given the existing tooling and facilities (10 U.S.C. 2306b(i)(1)(B)). The head of the agency must submit to USD(C) (P/B) information supporting the agency's determination that this requirement has been met.

(4) If the value of a multiyear contract for a particular system or component exceeds \$500 million, use of a multiyear contract is specifically authorized by—

(i) An appropriations act (10 U.S.C. 2306b(l)(3)); and

(ii) A law other than an appropriations act (10 U.S.C. 2306b(i)(3)).

(5) All other requirements of law are met and there are no other statutory restrictions on using a multiyear contract for the specific system or component (10 U.S.C. 2306b(i)(2)). One such restriction may be the achievement of specified cost savings. If the agency finds, after negotiations with the contractor(s), that the specified savings cannot be achieved, the head of the agency must assess the savings that, nevertheless, could be achieved by using a multiyear contract. If the savings are substantial, the head of the agency may request relief from the law's specific savings requirement. The request must—

(i) Quantify the savings that can be achieved;

(ii) Explain any other benefits to the Government of using the multiyear contract;

(iii) Include details regarding the negotiated contract terms and conditions; and

(iv) Be submitted to OUSD (A&T) DP for transmission to Congress via the Secretary of Defense and the President.

**217.174 Multiyear contracts that employ economic order quantity procurement.**

(a) The head of the agency must provide written notice to the congressional defense committees at least 30 days before awarding—

(1) A multiyear contract providing for economic order quantity procurement in excess of \$20 million in any one year; or

(2) A contract for advance procurement leading to a multiyear contract that employs economic order quantity procurement in excess of \$20 million in any one year (10 U.S.C. 2306b(l)(1)(A)).

(b) Before initiating an advance procurement, the contracting officer must verify that it is consistent with DoD policy (e.g., Part 3 of DoD 5000.2–R, Mandatory Procedures for Major Defense Acquisition Programs (MDAPs) and Major Automated Information System (MAIS) Acquisition Programs, and the full funding policy in Volume 2A, Chapter 1, of DoD 7000.14–R, Financial Management Regulation).

**Subpart 217.2—Options**

**217.202 Use of options.**

(1) Options may be used for foreign military sales requirements.

(2) Consider use of surge options to support the Industrial Preparedness Production Planning program (see subpart 208.72). A surge option allows the Government, prior to final delivery, to—

(i) Accelerate the contractor's production rate in accordance with a surge production plan or a delivery schedule provided by the contractor under the terms of the contract; and
